Physical Requirements

Fitness Level

A reasonable level of fitness is required but it's more about spending time on your feet rather than covering large distances. You'll be getting on and off coaches and boats, exploring the sights, climbing stairs and walking over a variety of terrains from cobblestones streets, hiking trails and moderate hills. There may be 1 or 2 days on tour when walking can cover 4- 6 kms over uneven terrain. Regular walking and light exercise before your trip can help ensure a more enjoyable and hassle-free travel experience.

Pace of Travel

The itinerary is moderately paced with a mix of sightseeing, travel between destinations and some time at leisure. Travel times between locations can vary, and road conditions may affect the schedule. Be prepared for some early starts and active days, but also enjoy some downtime to rest and explore independently. Flexibility will enhance your overall experience.

Tipping, Gratuities and Porterage

A friendly reminder that tipping, gratuities and porterage is not included in your package. Tipping is customary in many countries as it makes up the wage component for these services. Many countries don't have a minimum wage like we do in Australia. Please be advised that USD \$6 per person/day will be collected in country by your tour escort on Day 1. This will cover all services throughout your journey but does not cover tipping or gratuities for room service, optional tours or any activities you do without the tour group.

Tour Documentation

Final documentation, including e-tickets and hotel details, will be provided approximately 30 days prior to travel.

Travel Insurance

Travel insurance is recommended to protect yourself against the unexpected. In addition to the support that a policy may provide, you may be asked to present a copy of your travel insurance documentation while traveling.

We have partnered with Nib Travel Insurance to offer our customers competitive rates for their travel insurance. You can book Comprehensive or Essentials cover for your domestic, international or multi-trip journeys simply with us.

Visa & Passport information

It is the traveler's responsibility to ensure they have a valid passport. The passport must be valid for a minimum of six months from the intended date of return and must have more than 2 blank pages.

Sri Lanka

An e-visa is required for entry into Sri Lanka. The Department of Immigration and Emigration launched a system called "Electronic Travel Authorization – ETA" in order to grant prior approval for a visa online for foreign nationals

who visit Sri Lanka. You can visit <http://eta.gov.lk/slvisa/> to purchase your visa online.

E-Visa's are only valid for 30 days, so you can only apply closer to your travel dates. Please do not apply for your visa until you have your travel documentation. It will take 3 business days to be approved. The cost is US\$50 per person.

Please note that these details are subject to change without notice. We recommend visiting <https://www.smarttraveller.gov.au/> for up-to-date information in terms of entry requirements.

Weather

Sri Lanka has a tropical climate, characterized by two distinct monsoon seasons. The southwest monsoon brings rain from May to September, while the northeast monsoon affects the eastern part of the island from December to February. Be prepared for sudden rain showers, especially during monsoon periods. Temperatures are generally warm year-round, ranging from 25°C to 32°C (77°F to 90°F). Humidity is high in coastal areas while the central highlands are cooler. Pack light breathable clothing for coastal regions and warmer layers for cooler highlands.

Currency

Sri Lanka's currency is the Sri Lankan Rupee (LKR), symbolized as Rs. Banknotes ranging from 10 to 5,000 and coins from 1 to 10 rupees are commonly used. ATMs are widely available in urban areas, and credit / debit cards are accepted in many hotels, restaurants and shops. It's advisable to carry some cash for smaller transactions and rural areas where card facilities may be limited. Currency exchange services are available at airports, hotels, and local exchange bureaus.

Electricity

Sri Lanka operates on a 230V supply voltage with a frequency of 50Hz. The common plug types are D (three round pins in a triangular pattern) and G (three rectangular pins in a triangular pattern) so travelers from countries with different plug types may need a power adapter. Generally hotels and accommodations will provide adapters upon request or have multi-purpose sockets, but it is wise to carry one for convenience.
